Functional & Non-Functional Requirements

Online Internship & Placement Preparation Portal

ID	Type	Requirement	Priority
FR1	Functional	Users shall be able to register and log in as a Student, Recruiter, or Admin using email and password.	**High**
FR2	Functional	Students shall be able to create and edit a profile containing name, CGPA, branch, skills, and resume upload.	**High**
FR3	Functional	Recruiters shall be able to create and edit a company profile.	**Medium**
FR4	Functional	Admin shall approve or reject recruiter accounts before they are allowed to post listings.	**High**
FR5	Functional	Recruiters shall be able to post listings specifying role, eligibility (min CGPA/branch), stipend, deadline, and description.	**High**
FR6	Functional	Students shall be able to search and filter listings by domain, location, and stipend.	**Medium**
FR7	Functional	The system shall disable the “Apply” option for students who do not meet a listing's eligibility criteria.	**High**
FR8	Functional	Students shall be able to apply to a listing using their saved profile and resume.	**High**
FR9	Functional	The system shall track application status: Applied → Shortlisted → Test → Interview → Offered/Rejected.	**High**
FR10	Functional	Recruiters shall be able to view applicants for their listings and update application status.	**High**
FR11	Functional	Once a student accepts an offer, the system shall automatically mark their other pending applications as closed.	**Medium**
FR12	Functional	Admin/Recruiter shall be able to create MCQ-based tests (quantitative, logical, verbal) from a question bank.	**Medium**
FR13	Functional	Students shall be able to attempt a timed test; the system shall auto-grade and display the score on submission.	**High**
FR14	Functional	Test questions shall be presented in randomized order for each attempt.	**Low**
FR15	Functional	Students shall be able to view their past test scores over time.	**Medium**
FR16	Functional	Students shall be able to view a summary of their application history (applied, shortlisted, rejected, offered).	**Medium**
FR17	Functional	The Student dashboard shall display a test-score trend chart and an application funnel (applied/shortlisted/offered).	**Medium**
FR18	Functional	The Admin dashboard shall display total placements, placement percentage, top recruiting companies, and department-wise statistics.	**Medium**
FR19	Functional	Admin shall be able to export a basic placement report in CSV format.	**Low**
NFR1	Non-Functional	Pages shall load within 2–3 seconds under normal conditions. (Performance)	**High**
NFR2	Non-Functional	The interface shall be simple, clean, and mobile-responsive. (Usability)	**Medium**

NFR3	Non-Functional	Test answers shall be auto-saved every 30 seconds to prevent loss of progress. (Reliability)	**Medium**
NFR4	Non-Functional	The system shall support at least 100–200 concurrent users, sufficient for a class/batch-level demo. (Scalability)	**Medium**
NFR5	Non-Functional	The system shall remain available during scheduled application and test windows. (Availability)	**Medium**
NFR6	Non-Functional	Code shall be organized into independent modules (auth, listings, tests, analytics) so features can be updated without affecting others. (Maintainability)	**Low**
NFR7	Non-Functional	The system shall work correctly on major browsers (Chrome, Firefox) across desktop and mobile screen sizes. (Compatibility)	**Medium**
